The issue of the latest data sheet invalidates all those that have been published beforehand.

# CLIPPER

1/1

## Profile system for laminate, parquet and carpeted floors or tiles up to 20 mm

- Information Sheet -

**DURAL**

### APPLICATION:

CLIPPER 2000 is a profile system with a screwless top profile featuring various surfaces made of anodised aluminium or with plastic-framed decorative wood surfaces. It can be used for edges, expansion joints or junctions in laminate and parquet floors. Plastic clips ensure firm attachment. Additional clips are particularly designed for thicker floor surfaces. Differing floor heights can be compensated for. The base profile can be screwed to the floor or glued in place.
